We're looking forward to meeting and serving you!

## Procedures

### What to do and what to expect

#### General

Memorial clinics are for urgent but non-emergency visits. Routine visits, like medication refills, routine labs, school physicals, sports physicals, pap smears, annual physicals, birth control, or any chronic medical conditions are provided at your **Primary Total Health Clinic** at 1001 Division Street in Biloxi. *For serious or life threatening emergencies always call 911 and/or go to the nearest Hospital Emergency Room.*

#### Visiting a Clinic

Visiting a Total Health or Memorial Walk-In Clinic is easy and convenient. Call for an appointment or walk in, it's your choice.

Your HR department will be issuing you a Total Health Eligibility Card soon. It will look similar to this one.

Upon arrival at your Primary Total Health Clinic at 1001 Division Street in Biloxi, or any Memorial Walk-In Clinic, simply present your Scarlet Pearl ID card and your Total Health Clinic Eligibility Card.

**That's it!** You will be seen at no charge to you or your insurance.

#### Prescriptions

Total Health is affiliated with Medical Arts Pharmacy in Biloxi. If you are prescribed a medication you can elect to have your prescription filled by Medical Arts and delivered, next day, to the Scarlet Pearl HR department where you can pick it up. You, of course, also have the option of picking it up as soon as it's ready at Medical Arts Pharmacy at 120 Caillavet Street in Biloxi. Or... You can elect to accept a written prescription and simply take it to the pharmacy of your choice.

**Please note** that your Total Health participation does not cover the cost of prescription medications or co-pay. You and/or your insurance will be responsible for the cost of all prescription medications.

*You now have access to Memorial Walk-In Clinics in addition to your primary clinic!*
